

## What is Trauma Cover?

Trauma Insurance can pay you up to \$2 million if you are diagnosed with a critical illness or suffer a life-changing injury.

It is designed to help you afford medical treatments, time to recover, and any lifestyle changes you may require in the event of an illness.

It is usually sold as an add-on to Life Cover and pays a set amount, sometimes dependent upon the severity of the illness or injury.

There are many variations in product terms, definitions, waiting periods, and benefits periods. These variations can make a big difference to the cost of your premiums, how much you can claim and how quickly you can receive payments.

Consult the Insurer's Product Disclosure Statement (PDS) or speak to Oasis today.
